Video Script

1) Giddy it's the lawn expert.

2) Today I am at The Melbourne International Flower & Garden Show. My wife and I flew down from Sydney, NSW for an overnight stay. We had the Friday from 11am to 5pm having a good look around. Over 200 exhibits including different products & services and great Australian turf and gardening brands.

3) First we had a chat with Dan from The Garden Clinic – have a look at their website at <http://www.gardenclinic.com.au/> - you can join up as a member and enjoy many benefits

4) Next we had a chat with Simon Adermann from Lawn Solutions Australia - <http://www.lawnsolutionsaustralia.com.au/> - they are a group of Turf Growers that sell Sir Walter Buffalo, Zion Zoysia (coming to market as we speak) and other solid turf grasses

5) Then out of the blue I was lucky to chat with Jason Hodges (the Landscaping Guru from Better Homes & Gardens, and the Ambassador for the Lawn Solutions Australia Brand. Jason talked about what he was trying to achieve with LSA and told us about the benefits of using ColourGuard. ColourGuard is a natural turf grass colourant that is easy to apply and means your lawn will always look great, no matter what mother nature throws at it.

6) We have a couple more MIFGS videos to come with more chats with Experts in the Turf Industry.

11) Hope this helps you out.
