1) Giddy it's the Lawn Expert here.

2) Today I am catching up with Patrick from GreenLife Turf - [www.GreenLifeTurf.com.au](http://www.GreenLifeTurf.com.au) – these guys have been an integral part of my [www.LawnGreen.com.au](http://www.LawnGreen.com.au) business since we made the change from Commercial Landscape Maintenance to (just) weed & feed Lawn Care in 2004.

3) Whenever we come across a quote where we cannot help the homeowner with their lawn (as it might be beyond saving) then we recommend they get GreenLife Turf in to give them a quote to supply and lay new turf. As around 80% of new turf sales are Buffalo Turf, they tend to sell mostly Sir Walter Buffalo. For more info on all the turf grasses they sell have a look at <http://www.GreenLifeTurf.com.au/turf-varieties>

4) Our relationship with them is a 2 way street. So naturally we also get plenty of referrals from GreenLife Turf – it works well both ways.

4) For more info on Sir Walter Buffalo go to <http://SirWalter.com.au/> . Also more information on other Turf Grasses sold via <http://www.LawnSolutionsAustralia.com.au/>

5) Today, Patrick is going to show me a sample of a Turf Grass variety they are marketing. This grass is called Zeon Zoysia. Patrick explains all the benefits of this new Zoysia grass and how it ticks all the boxes in different situations.

6) Hope this helps you out.
