

FACT SHEET for: Video of the Ozbreed Turf Farm at Clarendon on the Hawkesbury River near Windsor, NSW re: their Turf Trials

- 1) Giddy it's the lawn expert here.
- 2) Today I am out near Richmond air base along the Hawkesbury River in a rural suburb called Clarendon, and I am about to meet the GM of Ozbreed, Nathan Layt.
- 3) As you can see in the video, the views of the floodplains of the Hawkesbury River are just stunning.
- 3) Nathan Layt has showed me around the Ozbreed facility where they are constantly trialling new turf grass varieties and all sorts of ornamental grasses and plants. The constant experimentation with different grasses and cross pollination of these grasses yield some pretty interesting results.
- 4) Ozbreed are the Australian licensee of the Palmetto Buffalo brand. Palmetto Buffalo is an American Buffalo variety. Buffalo Grass is known as St Augustine Grass in North America.
- 5) They have also developed the Sapphire Buffalo variety which is one of the good Australian Buffalo varieties.
- 6) I like Ozbreed's attitude to constantly trialling and testing different turf varieties to see how they stand up to the Australian conditions. The big winner out of all of this is the consumer, you.
- 7) Hope this helps you out.
- 8) In return and as a favour to me, please **SUBSCRIBE** to our Youtube channel at <https://www.youtube.com/user/yourlawnandgarden> and please **SHARE** our video to your friends on Facebook, LinkedIn and Pinterest. **Also, please give us the THUMBS up and LIKE our video!!!**
