

FACT SHEET for: Lilly Pilly Insect Control

- 1) Giddy it's the lawn expert
- 2) There are 2 fairly common plants we can readily control with 1 or 2 insecticides used in our business.
- 3) These 2 plants are Roses (*Rosa sp.*) and the Australian native Lilly Pillys (*Syzygium sp.*)
- 4) Best control for Aphids on Roses and Pysllids on Lilly Pillys is with the insecticide with Active Constituent "Imidacloprid".
- 5) Imidacloprid is available in retail products like Confidor (available at Bunnings) or in professional products like Merit or Pride (both with 200g/L of Imidacloprid).
- 6) Hope this helps.
- 7) In return and as a favour to me, please **SUBSCRIBE** to our Youtube channel at <https://www.youtube.com/user/yourlawnandgarden> and please **SHARE** our video to your friends on Facebook, LinkedIn and Pinterest. **Also, please give us the THUMBS up and LIKE our video!!!**
